

## Restocking Opportunity

We are excited to offer a restocking opportunity for the Indy Kids Sale current consignors. Many times consignors will find additional items that they would like to sell or maybe they didn't get all of their items into the system. This is the opportunity allows them to put consign additional items after the start of the sale.

- Restocking is available current consignors only.
  - Restocking drop-off is ONLY available on Thursday (the week of the sale) from 5pm-7pm.
  - Any items brought during the restocking drop-off will be checked by a member of the Indy Kids staff for quality (clothing and linens not accepted during restocking).
  - All accepted restocking items will go on the sales floor by Friday morning.
  - All tags for items brought during restocking will need to be hand written.
  - Any consignor that is interested in adding to their inventory during the restocking period will need to follow the instructions below.
1. Gather your items that you wish to add to your inventory
  2. Hand-write your tags just as they would be printed if you were adding them in the system.
  3. Affix tags to your items.
  4. Bring items to sale location and follow the signs for the restock entrance.
